

Tshewang Dorji
Yangthang, Bji, Haa, 15001, Bhutan
15004 Bhutan

Hendon Campus
The Burroughs
London
NW4 4BT

Name: Tshewang Dorji

ID: M00955152

Programme: BSc Mathematics and Data Science

Modules Taken and Credit Gained

Year	Term	Code	Credit Value	FHEQ Level		Credit Gained	Grade	D/R Code & Date
2023/24	1	MSO1115	30	4	Calculus and Geometry	30	1	
2023/24	1	MSO1125	15	4	Mathematical Thinking	15	6	
2023/24	1	MSO1145	30	4	Probability and Data Analysis	30	1	
2023/24	1	MSO1165	15	4	Linear Algebra	15	1	
2023/24	2	MSO1135	15	4	Introduction to Programming	15	2	
2023/24	2	MSO1155	15	4	Mathematical Models	15	1	
2024/25	1	MSO2145	30	5	Problem Solving and Communication	30	3	
2024/25	1	MSO2300	30	5	Mathematical Statistics	30	1	
2024/25	1	MSO2400	15	5	Advanced Calculus	15	1	
2024/25	1	MSO2510	15	5	Discrete Mathematics	15	4	
2024/25	2	MSO2520	15	5	Mathematics of Machine Learning	15	1	
2024/25	2	MSO2700	15	5	Software Design	15	2	

Credit Gained: Level 3: 0 Level 4: 120 Level 5: 120 Level 6: 0 Level 7: 0 Level 8: 0 Total: 240

Modules Registered

Year	Term	Campus	Code	Credit Value	FHEQ Level	Title
2025/26	1	HEN	MSO3255	30	6	Neural Networks and Deep Learning
2025/26	1	HEN	MSO3550	15	6	Mathematical Techniques for Optimization
2025/26	1	HEN	MSO3900	30	6	Project
2025/26	2	HEN	MSO3300	15	6	Stochastic Processes for Finance
2025/26	2	HEN	MSO3335	15	6	Time Series
2025/26	2	HEN	MSO3340	15	6	Data Mining

Academic Standing You have no current Academic Standing

This document does not certify the results of a student unless stamped by the University.

KEY TO GRADES

All grades are on the basis of the 1-20 scale as given in the University Regulations. The broad groupings of these grades in terms of honours degrees are as follows:

1-4	First Class
5-8	Upper Second Class
9-12	Lower Second Class
13-16	Third Class
17- 18	Fail*, compensation allowed
19	Fail*, compensation not allowed
20	Fail*, incorporating failure to participate in assessment necessary to achieve all learning outcomes – compensation not allowed**

In addition to the numerical grades the following Administrative Grades are used:

C	Compensated Failure (No reassessment required)
H	Not Assessed (only for students on programmes not leading to a Middlesex qualification)
I	Incomplete with good reason: may be assessed without penalty (Student has deferred assessment in that module). Also used to indicate automatic deferral for modules where this is permitted.
P	Fail - Plagiarism or academic misconduct confirmed (Appropriate penalty laid down by the Assessment Board)
S	Aegrotat Pass (An ungraded pass which is not used for Honours degree classification; modules at level 5 or above may be assessed at the next available opportunity)
U	Suspected plagiarism or academic misconduct
X	Fail - Incomplete without good reason: insufficient attendance or participation; may not be reassessed (Normally awarded when module attendance requirements, where they exist, have not been met, or the student has withdrawn from a module without informing UniHelp or the Student Office at overseas campuses)
Y	Ungraded Pass
Q	Fail* - Incomplete without good reason (invalid grade from 2006/07 onwards)
Z	Fail* - Uncompensatable failure of a module due to failure of an essential component (invalid grade from 2007/08 onwards)
E	Pass but does not meet external requirements (Added to pass mark and must be reassessed to continue on a Single degree programme – invalid grade from 2006/07 onwards)

Note:

* Following failure of a module at the first attempt, one reassessment attempt is permitted at the next available opportunity. For modules registered in 2008/09 onwards, if reassessment is passed, the overall grade for modules at level 3 & 4 will be the best of the two module grades achieved at reassessment; whereas for modules at level 5 and above, a grade of 16 (minimum pass mark) will be applied to each reassessed component. For modules registered prior to 2008/09, where reassessment is passed, the overall grade awarded for the module will be 16 (minimum pass mark) or Y where appropriate.

** The definition of grade 20 prior to 2006/07 was 'Fail, compensation not allowed'

REASSESSMENT AND DEFERRED ASSESSMENT CODES

These appear alongside fail grades and certain administrative grades and indicate which components of the module need remedial action at the next available opportunity. Contact your module tutor for specific information on coursework requirements if these are not included with this letter.

RE	Resit examination
RC	Submit new coursework to be reassessed
RA	Resit all components (Normally examination and submit new coursework)
RO	Other reassessment conditions
RW	Rework examination paper
DE	Deferred examination
DC	Submit deferred coursework
DA	Sit deferred examinations and submit deferred coursework
DO	Other deferred assessment conditions
